

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 21 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Scattered coastal showers but many areas fine, some overnight frost.

This Evening and Tonight:

Showers affecting some eastern coasts of England, perhaps heavy in the southeast. Patchy light rain across the far north of Scotland. Elsewhere clear spells, and some frost, focused across Northern Ireland, southern Scotland and northern England. Windy in the south.

Monday:

Many areas fine with plenty of sunshine, temperatures slightly below normal. The odd shower scraping east and southeastern coasts and a little light rain across western Scotland. Breezy in south.

Outlook for Tuesday to Thursday:

Mostly dry on Tuesday, but with rain later in the northwest. Rain spreading south on Wednesday, with sunshine and blustery showers following for Thursday, heavy and wintry in the north.
